

Your Help Can Change a Life • Help Us Furnish a Home!

In the fall of 2011 Vantage Health System will be opening Van Sciver Supportive Housing, a 16 efficiency residence in Closter, NJ. This facility will become a permanent home for individuals with mental illness. Some of these individuals are homeless and will now have a clean and safe place to call their own. They come to us with only the clothes on their backs and a few personal belongings.

Although Vantage was awarded the funding for construction and basic furniture, we need your help to provide the items that will contribute to making each unit a real home. Sheets to line a bed and blankets for warmth; pots and pans to prepare a home cooked meal and soft towels to dry off after a warm shower are just a few of the items we can provide with *your help*. To the right you will find *gift suggestions*, and below *naming opportunities* that are currently available.

Please know that your help will greatly enrich someone's life and give them the chance to experience something that we often take for granted: a warm, inviting place to call home.

Thank You,

Vicky Sidrow

Named Giving Opportunities:

Leave a Legacy or Honor Someone with a Tribute or Memorial Gift

ABOUT VANTAGE

Vantage Health System, Inc. has been serving residents of Bergen County since 1957 when it was incorporated as a private not for private 501(c)(3) charitable corporation. In 1972 it became the first freestanding federally funded community mental health organization in the County. Vantage serves 3000 individuals a year, including children, adolescents, adults and seniors with mental health, addiction, developmental and eldercare challenges. Services are provided across 11 sites in outpatient and residential programs.

RESIDENTIAL SERVICES

The mission of our residential services is to provide a safe and supportive home where strengths are identified and independence optimized.

The Van Sciver Supportive Housing Residence is Vantage's 8th residential program for individuals with mental illness.
